Orange groves o'erspread her campus,  
Chimes her hymns intone,  
India greets across the garden  
Southern's mystic throne.

Chorus

Florida Southern, thee we love;  
Thee we'll never fail.  
Hail to thee our alma mater,  
Hail to Southern, hail!

Stately walls alone can never  
Compass learning's goal.

MARCHES ON . . . .

Florida Southern College was conceived in the minds and hearts of dedicated churchmen and born out of the struggle of the years. In the pioneer days, despite all the hardships of a frontier, Florida Methodists began their untiring efforts to establish an institution of higher learning.

Dedicated men and women overcame almost unsurmountable hardships to pass this torch of Christian education from hand to hand over three-quarters of a century. The light was dimmed and almost extinguished several times, but now the fruits of the labors of these devoted people are in the harvest stage as Florida Southern College stands today as the largest Methodist-related college in the world.

The *Interlachen* salutes the pioneers of this institution. A brief history of these years of toil are offered in this first section. It tells of our college, proud of its heritage, proud of its Methodist foundation, and proud of its men and women who bore the yesterdays to mold the tomorrows.

THE  
METHODIST CHURCH

. . *It was a humble beginning*

Seventy-five years of progress has increased the size and enrollment of the college many-fold, but the open friendliness implanted at its beginning still prevails.

Despite the hardships of life in Florida 75 years ago, ministers and laymen of the Florida Methodist Conference, having a deep and abiding interest in education, created the East Florida Seminary at Micanopy — historically, the predecessor institution to Florida Southern College. Hope was high

for the school's future.

But war clouds loomed on the horizon. The conflict between the States apparently was inevitable. Lincoln, Lee and other immortals of the day searched their souls and prayed for guidance. So, too, did Florida Methodists.

The times were too perilous for the struggling church seminary. Quiet came to Micanopy while cannon boomed in battle. Young men went to war while old men tilled the fields. Education gave way to self preservation. The years were long, but finally came the peace and reconstruction, and once again Florida Methodists set themselves to help educate their young ministers.

Students and faculty enjoy strolling the modern 87-acre orange grove campus, the result of great efforts by great men.

The friendliness of the faculty gives the students a feeling of belonging to a second family.

In 1879, Methodist young men and women went to Emory and Wesleyan in Georgia for higher education. The flame, however, had been lighted at Micanopy and it never died. So in 1883, the South Florida Institute was

opened at Orlando. The site was soon changed to Leesburg, and in 1885, with an official charter from the state of Florida, the classroom doors opened there with four teachers and 58 students.

By 1900, it was believed that greater expansion of the Florida Conference College could be achieved in another location. In the following year, the decision was made to move to Sutherland (now Palm Harbor) on the West

Coast. The name was changed to the Florida Seminary. And the Methodist institution overlooking the waters of the Gulf of Mexico moved rapidly ahead.

Informal get-togethers with faculty have always been an important part of college life.

Greetings during campus travels have been practiced since the earliest days of the college.

Disaster struck from out of the Gulf on September 27, 1918, in the form of a roaring tropical storm. When the hurricane had passed the administration building, the dormitory for women, and the laundry were damaged considerably.

As though war and storm were not enough, there followed swiftly the great influenza epidemic. Soon 160 students were ill. Dr. Rhenus H. Alderman, president of the college, was also stricken.

It seemed that misfortune surely would end. But the worst was yet to come. Great improvements were made in the later part of 1920. The Christmas holidays were ended.

At daybreak on January 29, fire broke out in the kitchen of the women's dormitory. Flames engulfed the second floor. The alarm was sounded. Confusion was everywhere.

Sincere interest in students has formed a strong basis for Florida Southern's success in educating.

After-class explanations are carried on more as a rule than as an exception.

The trustees determined in 1921 to remove the college to some other location and finally selected Lakeland. Two buildings were erected and classes began in the autumn of 1922 on the shores of Lake Hollingsworth, setting the stage for a new era—an era of accelerated expansion.

Relaxed discussions and mutual enjoyment of the tree-shaded campus are part of the Florida Southern scene.

Under the direction of Dr. Ludd M. Spivey, who took over as president of the College in 1925, the Methodist institution grew from a debt-ridden school of two buildings into a college famous for its architecture throughout the world.

The college administration is always ready to assist the students with problems.

Dr. Spivey served Florida Southern College for 32 years before retiring in 1957 in favor of Dr. Charles Tinsley Thrift, Jr., his vice president for 11 years. Dr. Thrift took the reigns and expertly continues to lead the college along the way toward its rightful place as a leader in education.

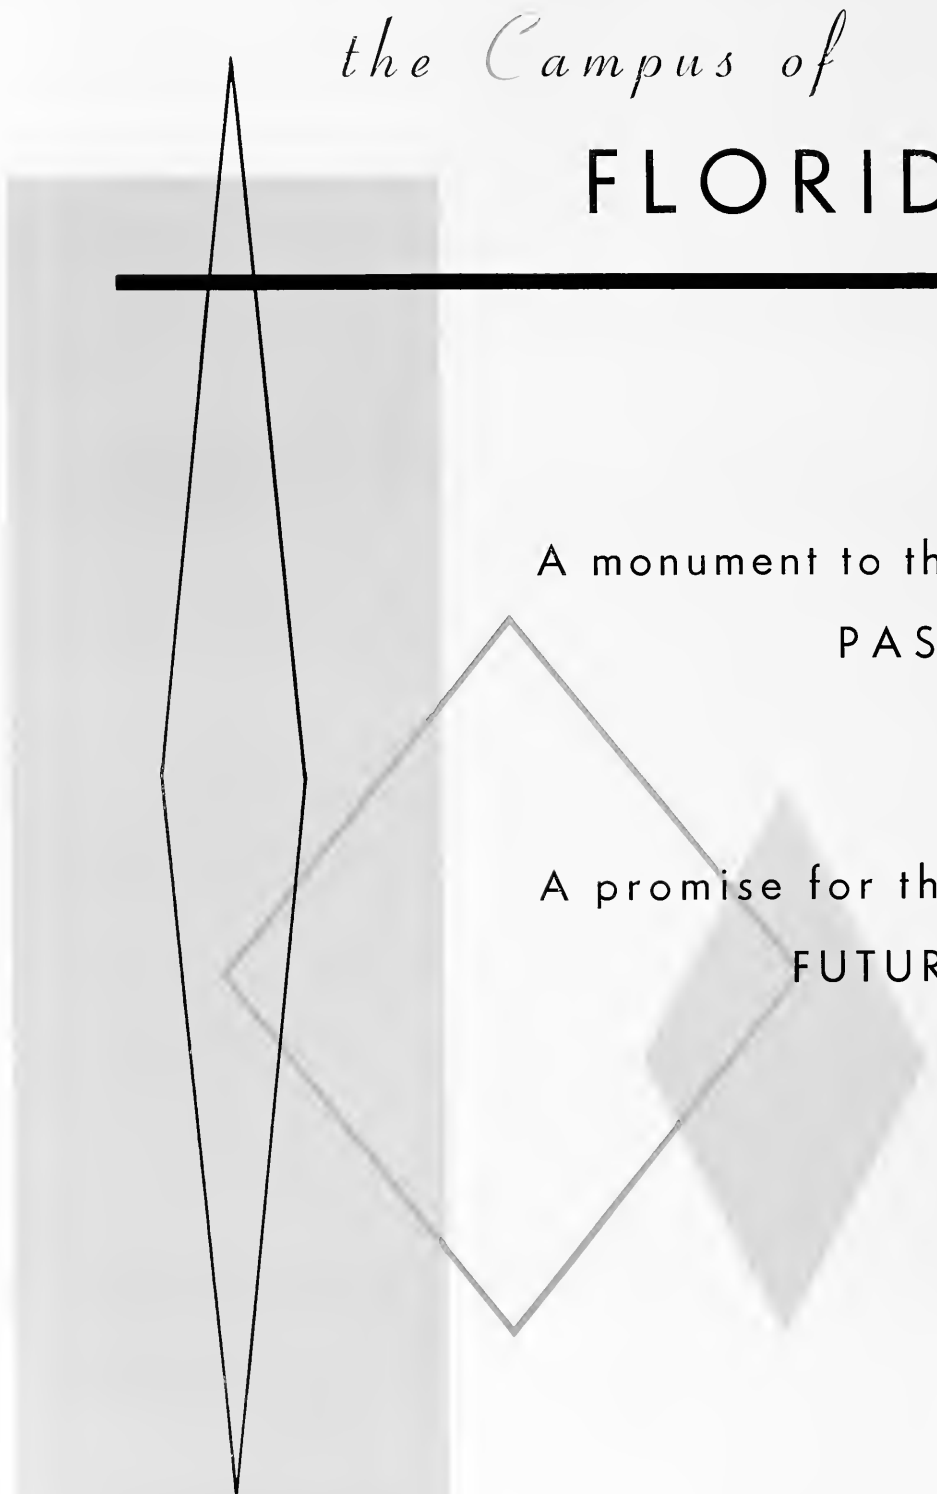

And from this staunch base of Christian resourcefulness and steadfast faith, Florida Southern College stands today—changed greatly in a material way since those first

days, but still possessing that something old which served as its mortar to give it strength from the very beginning—Christian charity, and fellowship.

Casual meetings in the Garden of Meditation, monumented by the temple spire, are popular among the students and faculty.

## Kappa Alpha

ANN KINSEY  
Kappa Alpha Rose

Kappa Alpha Order was founded at Washington College in 1865 under the guidance of our beloved spiritual leader Robert E. Lee. The Order with its noble Southern heritage placed its 83rd chapter here at Florida Southern College to continue its ideals of chivalry towards "God and Womanhood" and to mold men of proud distinction. We had our second "Plantation Ball" at Sarasota in May. A good time was had by all, with beards, Confederate uniforms, and filled with the glory of the "Old South." At the 1959 event we elected our KA Rose, Miss Margaret Ann Kinsey, a true Southern Belle whom we all cherish and love. We are looking forward to many more memorable years here at Florida Southern College.

## Kappa Sigma

EVE LOWE  
Sweetheart of Kappa Sigma

After three years of hard work, Kappa Sigma Rho has become a Kappa Sigma National Chapter. The years of labor and planning have been well worth the effort and the men of Theta Alpha are proud of their new chapter.

The first year as Kappa Sig's has been marked with many wonderful moments . . . a most successful rush, the trips to Gainesville, the boat cruise, our Christmas dance, the rush and excitement of building the T.B. display, the float, plus all those fabulous parties. With men in all major sports and those in positions of leadership on campus, plus four men as sorority sweethearts, we can say that this year has been a most successful one for our fraternity.

## Phi Sigma Kappa

NICKI PUSHNIK  
Sweetheart of Phi Sigma Kappa

1959-1960 has been Phi Sigma Kappa's year, a kind of reaffirmation that faith in our basic principles of common sense, the spirit of true brotherhood, and the love and loyalty which we hold for Florida Southern and to one another, is the essence of our particular interrelation, and the magic touch which gives Omega Triton its special kind of glamor. Our rush activities have been remarkably successful, for they have given us our own; size has not been, and we hope shall never be, our primary goal, but we have had our own sure and quiet growth, based upon quality and the rather unique and special abilities that are the primary qualities which we demand from each prospective member. In sports, in music, and in his own personality, President Bob Cass has been a moving force, assisted ably by the other officers. All considered, the 1959-60 school year is one which we shall not be likely to forget quickly.

## Pi Kappa Phi

BEVERLY BROWN  
Sweetheart of Pi Kappa Phi

Pi Kappa Phi was founded on Florida Southern's campus on October 16, 1948, by a small group of veterans who were interested in an organization that would be different and yet have a brotherhood, unmatched.

To this day, those same 17 men with the help of the 162 men who have graduated as Pi Kapps are helping this fraternity remain one of the top organizations on campus.

Many events have made Pi Kapp the most different and closest in ties on Southern's campus. Nothing beats armadillo hunts for fun and excitement. But when it comes to getting serious such as building floats, Christmas displays, and the campus sing which Pi Kapp won in 1959, plus having a number one spirit by winning the school spirit trophy, we have shown that for brotherhood, spirit, and unique ideas, Pi Kappa Phi beats all.

## MacDill Air Force Base . . . . . Education Center

For many years, Florida Southern College has conducted the "College of Opportunity" at MacDill Air Force Base in Tampa.

The program, inaugurated in 1950, has provided our

servicemen with opportunities to further their educations and to obtain college degrees. At this time, more than one hundred thirty-five airmen from MacDill have received their academic degrees.

A medium bomber (B-47) takes off on a mission.

IN MEMORIAM

The Interlachen of 1960 expresses its appreciation to the following business concerns, whose interest and co-operation have helped to make possible the publication of this yearbook of Florida Southern College.

The editors and business managers respectfully urge that friends of the College examine the advertisements of these firms and individuals, and call upon them for service at every possible opportunity.
